

A wide, low-angle photograph of an industrial facility, likely a chemical plant, with various structures, pipes, and storage tanks under a clear sky. The image is overlaid with a semi-transparent green banner at the top.

Maintenance Engineer (m/f/d)

Vantage Leuna GmbH is a leading medium-sized company in the field of specialty surfactants and chlorinated paraffins. Our products are used in detergents and cleaners, cosmetics and various industrial applications. As part of the Vantage Group, we have an international network of operating facilities and distribution centers in the USA, Latin America, Asia and Europe.

Would you like to gain extensive insights into all areas of a specialty chemicals company? You would like to work independently in a cooperative working environment? Would you like to be part of an international team with contact to our field offices in the USA, Latin America, Asia and Europe?

Then apply to us for our location in Leuna in the Halle/Leipzig region as a

Maintenance Engineer (m/f/d)

Your responsibilities as Maintenance Engineer:

- Responsible for the implementation of legal and technical requirements in the planning and execution of all maintenance
- Further development of the maintenance strategy and expansion of maintenance with a focus on preventive maintenance
- Analysis of weak points, failure risks and probabilities during commissioning of new or modified equipment and development of plant-specific maintenance and spare parts strategies
- Participation in project teams for new procurement, optimization and conversion of machines, plants and buildings

Your profile:

- Completed engineering studies in the field of mechanical engineering, electrical engineering or process engineering
- At least 5 years of professional experience as an engineer in a manufacturing company in the chemical industry
- Knowledge in the area of electrical, measurement and control technology and process automation
- Communicative, team player and performance oriented
- Very good language skills in English and German, both written and spoken, round off your profile.

What we offer:

- a permanent employment contract as well as flexible working time models
- a pleasant working environment and a corporate culture that rewards independent work and provides room for personal development
- interesting and challenging projects
- a rewarding job in a friendly and motivated team
- attractive compensation in line with the market
- 30 days vacation per year
